NAVAL ACT MAY HURRY PROBE OF COAL CRISIS

Clauses Provide Government Contracts Must Be Carried Out on Time.

Clauses in the current naval appropriation act bearing on the present coal crisis were brought to the attention of the Interstate Commerce Commission yesterday. They provide that no one selling any article or supplies to the government shall take advantage of any embargo or hold up supplies or cars. They also provide that government contracts must be carried out.

It is expected that the commission will act upon the provisions of this act and investigate the statements of railroad officials who have been complaining of having no cars with which to move coal.

According to Chief Clerk Wilmett, of the Treasury, there is enough coal on hand in the different departments to last through the week, and more is expected by that time. Five carloads a day would be enough to keep the buildings running, and every effort is being made to secure this amount, said Mr. Wilmett.

Railroads running into the Capital are formulating a petition to be sent to the Interstate Commerce Commission asking that they be given permission to increase tonnage charges. They would charge \$2 for the second day and add \$1 each day until the cars are emptied.

WILL CAMPAIGN FOR STRICT SUNDAY LAWS

Sunday School Association Plans to Clamp Lid Down Tighter.

According to a resolution passed by the convention of the District Sunday School Association last night, a campaign will be inaugurated to enforce a stricter observance of the Sunday laws and the enactment of more rigorous ones than those now in existence. The present situation is described as a "shame and a reproach."

A vigorous criticism of the uniform Sunday School lessons used by Sunday schools throughout the country was made by Mrs. Foster Bryner, elementary specialist.

Mrs. Bryner said that the children were totally neglected in the lessons, which are arranged in a cycle of the Scriptural texts. She stated that the lessons are mostly for mature minds and that of the fifty-three scheduled for this year, thirty-three concern St. Paul.

"All that the children are able to grasp concerning him is that he was mobbed and stoned out of villages which they lack the geographical knowledge to locate and that he was a frequent attendant at court trials," she said.

Rev. E. Morris Ferguson said that the church was a post-graduate institution for the Sunday school and that more time should be devoted to the teaching of the Scriptures. He advocated an all-day Sunday school similar to the day schools. He also advocated pay for Sunday school teachers.

Officers elected are: T. A. Hostetter, president; L. E. Breuninger, first vice president; John E. Dawson, second vice president; Dr. L. A. Sadler, secretary; J. H. Lichliter, treasurer, and F. S. Holliger, field worker.

Seattle Construction and Drydock Company, one cruiser at \$4,375,000, delivery in thirty months.

The Union Iron Works, of San Francisco, informally offered to build two scouts for actual cost plus 15 per cent.

"DOWN WITH GREY" CRY WOMEN RIOTERS

London, Nov. 1.—A number of women, believed to be members of Mrs. Pankhurst's Women's Social and Political Union, participated in a disturbance in Whitehall street today.

They smashed several windows with bricks on which had been written "Down with Grey!" Two of the disturbers were arrested.

Mrs. Pankhurst's supporters have been denouncing the government for failing to recognize completely the new revolutionary Venizelos in Greece. They have made Viscount Grey, foreign secretary, a special object of attack.

Political Notes

New York, Nov. 1.—Charles Evans Hughes will carry New York State by a big Republican majority, according to a prediction made today by Governor Whitman, who also asserted his belief that he would be re-elected.

"I have spoken in fifty-five of the fifty-seven counties of this State outside of Greater New York and I have conferred with many representative men," Governor Whitman said. "With the possible exception of one, Mr. Hughes will carry every county outside of Greater New York. His plurality in this State cannot be less than 100,000 and I believe it will far exceed that."

Albany, N. Y., Nov. 1.—Former Gov. Martin H. Glynn, who is to deliver the address of welcome to President Wilson in Madison Square Garden tomorrow evening, said today:

"From my observation while stumping in the East and in the West I firmly believe that Woodrow Wilson will be re-elected President of the United States, and I believe the one thing above all others, that is turning the tide toward President Wilson so overwhelmingly is the great human appeal of his policy at home and abroad. Peace with honor, prosperity with happiness is a policy and a platform both irresistible and invincible."

New York, Nov. 1.—"A surrender by Roosevelt in 1912 to the influences of Wall Street quite as ignominious as his Tennessee coal and iron surrender to Morgan in 1907 is exposed for the first time to the public in an open letter addressed today to the Colonel by his former supporter and Progressive leader, Amos B. E. Pinchot," says the Democratic National Committee.

"The New York lawyer, brother of Gifford Pinchot, makes the startling accusation—that President Wilson made by H. N. Pope, of Texas, president of the Association of State Presidents of the Farmers' Union," stated the National Democratic Committee today. "Mr. Pope achieved passing notoriety a few months ago by waiting on President Wilson at Washington and demanding that his neutrality policy with reference to commerce on the high seas be disregarded in a way to give cotton a market not opened to other farm products."

New York, Nov. 1.—"Farmers' Union officials of fourteen States emphatically repudiate the recent attack on the administration of President Wilson made by H. N. Pope, of Texas, president of the Association of State Presidents of the Farmers' Union," stated the National Democratic Committee today. "Mr. Pope achieved passing notoriety a few months ago by waiting on President Wilson at Washington and demanding that his neutrality policy with reference to commerce on the high seas be disregarded in a way to give cotton a market not opened to other farm products."

"Mr. Pope's latest pronouncement against President Wilson is a pamphlet attacking the Adams law, ostensibly published from official records of the Association of State Presidents of the Farmers' Union. This association is composed of officials of the Farmers' Union, all of whom have telegraphed the Democratic National Committee that the organization has no official knowledge of Pope's attack on the President and that it was issued without their authority."

HER BLACKENED EYE CAUSES HIS ARREST

Agent Accused of Hitting Woman After Accosting Her.

Frank L. Glover, 35, said to be a traveling agent for a southern railroad, and giving his address as the Raleigh Hotel, was arrested last night by Policeman M. L. Howes and locked up in the First precinct station, charged with assaulting a young woman. The complainant gave her name as Florence Burrows, of 2925 Grant road no. 10 west.

Miss Burrows claims that while walking in E street northwest the man accosted her. She tried to pass by him, she said, when he caught her by the arm, whereupon she struck him, causing his glasses to fall to the ground and break.

Glover denied touching Miss Burrows until she struck him across the left cheek near the eye. After she struck him, he said, he returned the blow, discolored her left eye.

At the station house Glover complained that he felt glass in his eye where his spectacles had been broken.

The case will be tried in the Police Court this morning.

HAVE YOU A FRIEND WITH SKIN TROUBLE?

If you have a friend suffering with eczema or some such itching, burning eruption, what greater kindness could you do him than to say:

"Why don't you try Resinol Ointment? I know you have experienced with a dozen treatments, but I believe Resinol is different. In the first place, doctors have prescribed it for years. And then, Resinol does not claim to be a 'cure-all'—simply a soothing, healing dressing, free from all harsh drugs, that USUALLY proves successful in just such cases as yours."

Resinol Ointment is sold by all druggists. For free sample, write to Dept. 55-R, Resinol, Baltimore, Md.—Adv.

WILSON STILL LEADS IN O'DONNELL VOTING

Democratic Nominee Gets 35 Ballots for Day to Hughes' 24.

Women participated to a considerable extent yesterday in the Rexall straw vote being taken at O'Donnell's drug store at Thirteenth and F streets, the day's total being 35 for Wilson and 24 for Hughes. One vote was cast for Debs, who is not a nominee. Hanly, Prohibition candidate, and Benson, the Socialist nominee, received no votes.

Returns to date indicate that President Wilson is favored in the Southern States on a basis of 98,758 votes, as against 24,621 cast for Mr. Hughes.

The other States give Hughes 146,238 and Wilson 141,532. That gives Wilson a total popular vote of 240,320, as compared with 171,558 for Hughes.

The nation-wide poll is being taken by drug stores of the Rexall system, of which O'Donnell's is one.

One participant in the balloting voted for "Hues," another for "Hugs," and one for "Hugheson."

Six rings, several of them set with diamonds, and two bracelets were taken from the home of former Senator Eugene Hale last night when thieves entered the former statesman's home while the family was at supper.

The jewelry was valued at \$410. Late last night the police had found no clue to the robbers, but it was said the case was believed to be another house-breaking.
